

## WRITTEN INSTRUCTIONS

I, JAIME HERNANDEZ, give these written instructions to my attorney, RUSS STEWART ON AUGUST 12, 2008. Case # 07MC119441701.

1. Review the charges which were amended by the State with me.
2. Bring up what took place in the courtroom 1506. This is where the complaint lists where the problem began. The sheriffs were called because of a disturbance **IN** the courtroom.
3. Show that after complaining to the ARDC (Attorney Registration & Disciplinary Commission), that the ARDC responded in a letter stating that Attorney David Wessel and Deputy Eric Gross told them that it was the judge who requested that I be ejected from the courtroom.
4. You are to object when the state tells the jury that I was taking pictures.
  - i. Where are the pictures? (Where is the evidence of this?)
  - ii. You, Russ Stewart, when we were in your office, stated that there is no crime in taking pictures
  - iii. Additionally, I never knew how to operate the camera function on my cell phone
  - iv. On one occasion when were at the courthouse, I and others observed a young man blatantly taking pictures of the hallway directly outside of courtrooms 303 and 304 of a Chicago Police officer. He was politely asked by a deputy not to, he talked back to the deputy, and nothing happened to him, he left.
5. Deputy Olejarz stated, when he was testifying that I flailed my arms and I turned red. I do not blush.
6. One of the Incident Reports states that Sheila Mannix left the courthouse after leaving the courtroom, **THE SHERIFFS LIED ON THIS REPORT**. She sat in the

hallway until I was taken and she went back into the courtroom to finish her court proceedings.

7. I would like to be presented as a family man and a businessman. I have been self-employed for 23 years and married for 28 years. I have two children and two grandchildren.
8. The Incident Reports list my birth date as 24FEB07.
9. Who comes up with the questions for the jury?
10. Incident Report 07-502155 10:30 am  
Incident Report 07-502130 11:50 am  
Discrepancies on reports. Report #07-502155 states that incident took place at 10:30 am, but report was completed at 1600 hrs (4pm)  
Report #07502130 states that incident took place at 11:50 am. Report was completed by Deputy Morrissey at 1330 hrs.
11. Admit the transcripts from the day which I attended Sheila Mannix's court proceeding and also the audiotape, which I received by an Order issued by Judge O'Brien into evidence. Both will prove that there was no disturbance in courtroom 1506 and that Judge Donegan did not order me out of the courtroom. It was Sheila who was ejected while she was arguing her case. Admitting the transcripts and the tapes into evidence, which both contains proof that these charges are bogus. The State is able to pick and choose who or what they want to use as evidence.
12. Judge Donnelly said that he normally does not allow State amendments on the day of the trial. The State made their amendments, you did not object to any of them.
